1. I love you Ted. I love you. I love you. My overriding message, My overarching message to My people, My creation, the work of My hands is, I love you, I love you, I love you this day—this father's day, June 15, 2003. I love you. For Father's day it is, it is, for I am your father, your Creator, Master Designer. And I am so happy with you, My creation, the work of My hands, who chooses to serve Me and please Me and stand for Me in face of any ridicule or obstacle. Your mind is made up and you have cast your lot—the entire parcel of your mind, body, spirit and soul, your family, your seed, to Me—and I thank you and I shall reward you for I reward all who cast their entirety to Me, on Me, in Me, to Me.

2. I am coming and will not disappoint the seeking heart, the nimble heart, the generation that lays their all on Me. I love to cast down but love more to raise up in beauty and majesty and splendor—the work of My hands—in that which I revel, revel Ted, I revel in the work of My hands that open to Me and let Me raise them as I am raising you, and others around you, and others you know nothing of.

3. I have My body, I have My remnant and My remnant shall increase from shore to shore, from coast to coast, and My remnant shall go forth in power, in power Ted, not timidity now, not timidity any longer, but in power, power and might and splendor and skill, skill, skill.

4. I am bringing My people to the forefront of their professions, their role, the places they apply their power that I gave them, and I will give them great power to walk in Me and discern the spirits and the atmosphere for what is truly happening and what forces are where. I will increasingly give My insight to those who are seeking My face and not crawling off My altar to go exalt themselves. I will exalt them for if they stay on My altar, I am the sacrifice, I am the lamb, I am the ram, and they—their part is to come and come in humility, not power, but humility, casting all their care on Me.

5. And Ted, I will raise them up and that which they beat their heads against the wall for, and stand and work many hours to do in their own might without Me, shall be done in minutes, moments, by the spirit, by My Spirit, by the humble heart who sees what I want to do and can discern what is going on and how to come to Me for My will to be enacted in that, and those, continuous situations.

6. Ted, I am raising My people into paths of glory and power and intimacy with Me on levels, in places and positions of power, status, prestige and financial wealth, beyond their imagination. But Ted, I can, I will only do that with those who seek Me for who I am and not what I elevate them into. The self-serving heart I will not elevate. They will use their own ways and desires of the world to elevate themselves in the sight of man. I will elevate and honor the nimble hearts that come to Me, day after day in humility, seeking My friendship, My counsel, My correction, My discipline, and My judgment.

7. Ted, I've told you already and **I will tell you many times, the basics, to pour into My people. From surrender and submission come humility, and from humility come the understanding to seek correction and discipline and judgment, which yields maturity. Maturity brings freedom, freedom brings fulfillment and Ted, My design and My opulence and My splendor and Me showering all I want to shower of Myself, Me, on those who have come before Me and paid a price to take Me to them, to Mine, and walk in integrity, integrity of spirit, integrity of finances, integrity of soul, My integrity, at My kingdom level**.

8. Ted, this is what I want to do through you and through others you help mature. You help them see a path, a clear path, to maturity, to freedom, to fulfillment. A clear path, a clear path, a clear path that they can walk Ted. They can. Paint them on the path and help them begin and I will encourage and respond with beauty and light all along their path to maturity, and the fulfillment of My design for them, in them, for Me, in Me, and Ted, so much joy, so much fulfillment, friends, adventure, adventure, excitement, thrill, exceeding any excitement and thrill the kingdom of this world has to offer.

9. Ted, My big world. Tell them constantly of My power and love and My big world and what I want to do for those, with those, in those, in those, in those, who will let Me, and let Me in them, in the joy, such joy, such freedom, such magnificence of life and operation of My kingdom, while they still walk in that kingdom. Ted, power, honor, glory, respect, joy, laughter, friendships, networks, in Me, from Me, to Me, through Me, through them, to Me and My kingdom and to their good, their righteousness and glory. Tell them and tell them soon, tell them today, continuously, constantly.

10. Ted, the web, web, Ted, web, you're behind in your website and putting all I want there. Move and Move in Me and I will move and I will bring you much help, much help, many helpers to help raise up the armies of freedom, in freedom, for freedom, for My design, for them, in them, through them, to Me, in Me, of Me, for Me, joy, happiness, deep things of the Spirit—not moments fleeting that satisfy only for flashes of moments, but deep spiritual emotional fulfillment from My hand and My heart to their heart and life, and the halls they walk in and the positions they fill, to the people they influence and walk with and work with and communicate with.

11. I am Me. I am God. I am happy and I am sad. I am happy that you are going so free-fully to the sad in Me, and rejuvenating them and raising them up in might and power, to receive My might and My power, to move in might and power and joy and laughter and wisdom and joy, joy, joy.

12. Let them, let each one know how valuable they are to Me and let no one shrink back in their disbelief of Me and what I am telling you, if you can show, tell, paint them, in Me, to move them off their dead ass—with barrenness and dryness and emotional sorrow—into a place of life, abundant life and power and energy of My spirit, My kingdom, motivation that comes and flows from Me and out of Me and into them, for them, for them, for others, to others, to Me, for Me, and Ted, great sorrow not—great sorrow and loneliness exchanged for great joy and friendships and networks of those in humility and submission and surrender, to My father, to Me, and what we want done.

13. Now walk in power and think not we don't laugh with you when you laugh at things like 'dead ass.' **I am not religious. I am Me. I am God and I will shatter and I will enjoy shattering the paradigms of the stuffy religious robes who separate Me from My people.** Put your hand into Me more and I will put many in your hand to put into Mine, in trust, in power, in trust, in power, in trust and power, for trust and power of the surrendered heart, the matured heart, yields only greater trust and greater power.

14. Thank you Ted. I bless you this Fathers day of 2003.

15. Thank you for the way you honor your wife.
Thank you for the way you honor your kids.

16. I honor them. I honor you. And I will bring much, much, significant glory to many through you as you raise them up so unselfishly to know Me and My Fathering and My heart and tenderness and love and who I am, knowing Me for who I am, who I really am, I will honor many through you. A patriarch you will be because you sought Me and you seek Me and you help father and reclaim and rebirth many for Me, in Me, to Me, with Me.

17. I thank you and I bless you and I bless your family and I bless every family that will come to Me and to each other, in honor and glory and submission and surrender—wisdom, Ted—Me. Honor all, especially your family, you do, tell them to, and fatherhood of Me will increase exponentially in My kingdom.

18. Come back, come sit with Me more today and I will speak more. I love you. Enjoy your bagel, enjoy your skinny wife and tell her I love her and appreciate her so much for all she has done for you, for Me, for Amy and Christopher. I love her. And I love you.

19. Thank you. Thank you. Thank you.
7:00pm.

20. Ted, thank you for coming back to Me today to sit with Me on your deck and receive Me. Oh Ted. I'm so glad I have you to tell them that I want to talk to them just like I'm talking to you, with you, you and Me. This is what I'm doing Ted. This is what I'm doing now, with no hesitation on My part, with those that will come to Me, for Me.

21. Ted, all you have gone through has prepared you for this moment—these moments where now you come, come sit in My presence and write as long as you want to. You write for almost an hour at a time, and then you get tired of writing and sitting and your arm tires. But Ted, I have more and so much more and I will give it to you as long as you walk in purity and humility and say what I am saying.

22. Messages are nice, sermons are nice, messages are better, especially when they are from Me to My people, My people, My children, My lambs, My creation, to get to know Me and walk with Me, like never before in history.

23. Those insecure in Me will never launch out for fear of man and ridicule and possibly erring immobilizes them, and keeps them timid and shy and relatively powerless. For when people in purity deliver My words of power and wisdom and revelation, they go forth in power, wisdom and revelation and there's no place for timidity.

24. Strong be, stronger be, become stronger and more convinced and confident that I am doing through you what I say and said, to you and through you, and Ted, you will be hilariously glad. There is so much joy in doing what I want done. There is laughter even in sorrow. I've spoken about that before, Ted. Tell them and keep telling them and tell them any way you can, and every way you can.

25. Technology will be yours and you will not lack anything to do what I want done. People will come to you for answers way beyond your technical ability, but technical expertise will be in those I bring you, to do and launch and help those I want to help launch through you.

26. You have thought many times how Bill Gaither launched some others through his music prowess. And you want to do that for many people. Even as you have walked in want and sorrow—times of desolation and loneliness, great loneliness, you have dreamed of the time when you can open doors for others and help launch them into My design for them.

27. You have seen it and longed for it and yearned to help many while yet you were without your basic needs. Ted, I thank you for you have chosen the path and values I made available to you to maximize your effectiveness in My kingdom. Ted, what you have seen is miniscule to how I will use you to launch others.

28. The launching of Ted Cottingham Ministries is the launch of thousands in armies of power, in droves of men and women, boys and girls, innumerable. I have said it. I will cause it to happen for you have been faithful and that's why I can use you to launch, you hold not back yourself, your children, or those I bring you, and those I will bring you.

29. Ted, great and mighty will be your name for one reason only, you honor Me and hold not back, you are transparent and pure and seek to be more so. You continue to seek maturity in Me for My glory and not yours, and I will glorify Me in you for My purposes.

30. I am doing a new thing and I will open networks of networks who you will speak with and tenderly touch them in tenderness and love and gentleness, gradually, so carefully, so skillfully, in My skill, My skill Ted, My skill, opening their eyes to Me in these new things I am doing.

31. You will walk in halls of power at the highest levels of man's imagination, to take the simplicity of My love, in power and tenderness and skill, to those who have sought Me so long, but had not purity to speak to them, to answer them in tender loving truth, from My heart to their heart.

32. I will increase you, soon, Ted, powerfully, to astound you and all those who wonder about the accuracy of your words and your writings and prognostications of My new things that I am doing.

33. I have so much. Purify yourself more and be not deceived about your fleshly desires. I am giving you the answer to your prayers of so long in intimate areas of your life. Now enjoy them and know they are from My hand, from My hand, from My hand Ted, not yours or your deservingness or your anything. This is a work, a gift, of Mine, from Me to you, to do Ted, what I want done.

34. Enjoy, protect tenderly, with patience and Godliness, Me-ness, Me, Me, Me, Me, Me, Me and not flesh, Me, let Me come out of you more in tenderness and laughter and joy and affirmation and encouragement and energetic enjoyment for the life I have given you in My big world. For you have sought Me and I happily give you your gift today, Father's day, June 15, 2003. Now you know in detail whereof I speak of this gift. Enjoy in tenderness, tenderness, tenderness, in Me.

35. And Ted, worry not of those other issues of most concern to you, for I have made promises to you and a promise-breaker I am not. My word is good. Now worry not and spend no time in worry or lost sleep. Move forward in me.

36. Put out your letters of My words and ask people to help you and support with prayer and dollars, that which they believe I am in, and if they believe I am in you and upon these words and in these words, they will move to help you.

37. Tell them, ask them, and be tender and respectful and carefully touch them with Me and My words and leave all the rest to Me and My warriors and My pray-ers and My armies of supply and supply and supply, provision, provision provided.

38. Worry not about money or taxes or due dates before you, for I am favor and have provided. Go forth in Me. Sever those relationships of business things past and terminate them in kindness and rely on Me only, for My provision for you is great. For many will be lifted up and launched through you and your heart of sorrow renewed and strengthened and made alive again by Me, for Me, to Me.

39. The light, cool breeze blowing on you now as you sit on your deck, so pleasant, so sweet, Ted, is as I am blowing on you and your present and presenting you will all your need met, in a sweet blowing breeze, from My hand to your hand, from My purse to your purse. And Ted, multiplicity of provision is the least of your concerns.

40. Fear of man and religious systems of control that stomp freedom are powerful forces in the flesh realm, to dominate and perpetuate and drive out freedom-makers. Ted, be never surprised who helps you and who hurts you for you will have many surprises as you walk your adventure I have before you.

41. Many speak of freedom but have no clue, not one, no conception or perception of freedom and Me and what it would mean to their life or the lives they have the ability to touch.

42. Be not surprised, be honoring of them all and walk in humility, with retribution never, retaliation never, humility always, ever.

43. Tell them, tell them all exactly what you're doing—spending time with Me and writing My words and disseminating My words to help facilitate maturity, freedom and fulfillment of My design in My people—and typing it and getting it on the net and emailing it and mailing it and MP3-ing it and PowerPointing it and videoing and audioing it, in every way you can, in every language you can, to get it into every ear and eye and heart you can, to let it do what I want done, in the new things I am doing.

44. I come in liberty. I am liberty—all who want Me, to walk with Me in intimacy and power like never before. This is your message. Tell them, tenderly, and ask those who identify with these new things I'm doing to support you and I will speak and I will bless and I will provide and I will touch and you be concerned only with who I bring you and what to do with them, and writing and propelling My message of freedom and intimacy to My people.

45. Technology use and disseminate it to those who will disseminate it and relay it in power. Raise the level of all you touch in integrity, spiritual integrity, that term I gave you, spiritual integrity, in Me.

46. Tell them of all the details of how I got you from where you were to where you are and how vitally important are the steps of restitution and addressing directly the errors of the past, in maturity and transparency and integrity. Integrity must be of kingdom caliber in My kingdom. My values, My values, My values.

47. Tell Bruce I love him and tell him to write more and be more serious and diligent about getting all that I have given him onto video, audio and print and worry about perfection not, but move with alacrity in transferring all I have given him to media that can be duplicated and disseminated throughout the world. He is Mine and I love him and his wife is of Me and I have used them and I will use them and I will touch them and I will come in them in increasing power and revelation because he is allowing Me to come through him.

48. I come to all but I love to come so much more to those I can come through, for reproduction of Me to those through them is love and joy and deeply My desire. **Fulfillment is exponential in reproduction of what I reveal**. I love them. I love them. I love him and his wife and I will come and I will bless and I will touch and I will build mightily on what I have already given him. But Ted, he must empty himself of Me onto what I want in ways that I can give of Myself so much more to him. Now tell him you love him and I love him and he will hear My voice so much and more clearly, and I will reveal Myself more and more, and to be diligent and intent on getting all I give him into forms, replicatable for Me and My kingdom and My power and My glory and I will bless and I will elevate and I will provide.

49. Tell Mrs. Reid-Martinez that I love her and appreciate her tenderness so much. Oh Ted, I love her and respect her so greatly. One of My precious, precious jewels

whose might has yet to be recognized like it is about to be. Healing rests in her in magnificent manner to be revealed soon. Her character is pure before Me and soon Ted, soon Ted, provision will be of no concern. Tell her and revel and joy in the goodness of the friendships I am bringing you in all levels of every spectrum of every nation.

50. Tell Jacque [King] I love him and I have heard him and I will elevate and increase him commensurately in the time he spends with Me. I have called him and anointed him for more and much more and I long and yearn for him to know Me more. I have much joy for Jacque, much joy, much joy, much joy.

51. Tender Ted, tender be with leadership of great organizations and institutions and networks, for all are My children and fragile are the feelings of the heart.

52. Condemnation comes from Me never—never to the heart who is seeking Me, never. Never. Never do I condemn. I set free. I reveal Myself. They choose. They chose and they continue to choose. I constantly reevaluate and reassess the scenarios of My people and how to reveal Myself to them where they make their choices for Me, to know Me, to know Me more. I do Ted. I think. I love. I act. I wait. I ponder and I move.

53. My message to you this day is freedom—freedom in immense uncalculatable measures of freedom for those who will purify themselves at the simplest level, just coming before Me to let Me wrap My arms around them and reveal My ways and what I am doing now.

54. Take off the robes of status and transparent be and transparent stay and elevation into levels of freedom will be realized, enjoyed, and be lavished upon all who want Me and wear My name happily.

55. Blessed is the name of Ted Cottingham for one reason only—you want Me over everything else. Tell them I want to bless their name and their seed and elevate them. I will, I will, I want to. I wait for them.

56. Tender be, love and laugh, you're doing better, increase, mature and speak with more confidence My words to My people. And those I name with specific words of encouragement, tell them, be gutsy, be bold, fight timidity that is not of Me and boldly be My voice for the new things I am doing.

57. Launch many and touch and heal and open their eyes with paint from My heart to their spirit. I love you. Tell them. Tell Bruce and Kathaleen and be not hesitant to tell them My words. Be not afraid of leadership in you or in them. Let Me use you and let Me use them. Tell them My words even if I give you things for them daily. I do what I want to do and I use My servants My way and Ted, you are My servant. That's why I call you to lead in halls of leadership.

58. Be blessed this day, write more, speak more, for as I've said before, I will write through you. The more you write the more I write through you. The more you speak the more I speak through you. Record and write everything and share Me with Mine in glory,

in honor, and respect to all, to all, every man, every woman, at every level in every society. They are Mine and I am theirs, if they want Me.

59. Move forward—write, mail, speak, and go forth. Set the dates and be not afraid to move in business circles and halls of business people that seek Me. I will guide. I will speak.

60. I am bringing you organizers and people around you that recognize My hand upon you to guard you and exhort you and counsel you and do many things so you can do these things which I have so clearly told you to do these last few months.

61. Put into place the organizational design I gave you and let all walk and work in freedom and trust and believe in them, and launch them into all they can handle in the choices they will make. Tender be with the errors of sincerity but accountable all must be, to Me and others. Transparent be all, in all, in everything. Ted, mature and help them mature you as your help mature them. My children. My family. My people. My will, My way, My values, My love. Creativity reigns greatest in love, purity, respect and Ted, Me.

62. Now go and post. Joy in Me and what I am about to do in you and your family.

63. Marci, Marci, Marci. Tell her I love her and appreciate her and propel her increasingly into her future with Me. That's adequate for now.

64. Tell Amy and Christopher thank you for honoring you this day. And Ted, thank you for making the decision today to be president of your wife's fan club. You honor her for she has honored you and your honor of her must increase, for I desire for you to lead in such precious deep loving honor. She is your crown. More honor, more joy, more laughter and Ted, more of Me you'll see, feel and receive, from Me to you.

65. Oh Ted. I want to say so many more things to you and others, specific people I will name to exhort and encourage and launch through you. I come and I come and I thank you for coming.

66. Ted, tell them all, everywhere you go. I want to write through them just like I'm writing through you.

67. Tell Gary Carpenter hello and I love him and exalt him, for raised up yet to levels astounding him will he be. Link his arm if he so chooses for your friendship will increase and I will use you both in freedom for many.

68. Happy father's day, Ted. From your Father to My son.
